Cool for School – Back-to-School Must Haves for September and Beyond

A good night's sleep is a must for students (and parents) so snag new pillows like the Snuggle-Pedic Ultra-Luxury Kool-Flow® bamboo shredded [memory foam pillow](#) that can be customized for the perfect fit. I can't talk about school without mentioning lice prevention so now is the time to stock up on these yummy scented [Rosemary Repel products](#) from Fairy Tales Hair Care. If you are having trouble getting young kids to listen (or do homework, or get to school on time, etc.) get rid of the sticker reward chart and try the new [Kudo Banz](#) which rewards kids with bracelet charms they can proudly wear. And last but not least, another awesome item to buy now is [Hero Clean Odor Eliminator](#) because even tiny shoes get stinky.

What's your favorite back-to-school item? Tell me below in the comments.
