## Get Ready for the Holidays – Dress-Up Guide for Kids

Ingredients like quinoa, rice amino acids, Murumuru butter, aloe, and avocado butter combine to keep curls bouncy and frizz-free. Products are also sulfate, paraben, phthalate-free as well as gluten, soy, dairy and nut-free.

If you have a curly-headed kiddo, I can't recommend these products enough. Or try the Tangle Tamers, Sun & Swim or Rosemary Repel hair care lines. Check out Fairy Tales Hair Care for all these products (and the must-have, Lice Good-Bye Survival Kit!)
