Protect Your Kiddos Hair for Back to School with Fairy Tales

If you have grade school aged children then chances are you have had to deal with lice at some point in your life. It seems to happen to everyone. I think just having a bunch of kids in one small class room sharing materials, laying on the same carpet, and touching the same surfaces there are a good chance lice will transfer. One thing that I do to help prevent lice is to use **Fairy Tales** hair products. Yes, I did say prevent.

Fairy Tales hair products use a special blend of natural ingredients to repel and help prevent lice from finding their way into your kiddos hair. It's a life safer **lice prevention** tool and it really works too. I've been swearing by this for years now since my oldest got lice. When she got lice I had a stylist that did lice treatments

work on her hair and she told us about Fairy Tales. I have been using it every since on all my kids. Simply wash their hair with the products and the natural blend repels lice.

The Rosemary Repel® Shampoo contains a blend of jojoba, sugar cane and chamomile to hydrate, moisturize and soothe the scalp. It gently removes dirt and build-up without harsh detergents and preservatives and it's safe and effective for daily use for the entire family. The proprietary blend of organic Rosemary, Peppermint, Tea Tree and Citronella is clinically proven to help prevent head lice and nits. Like all Fairy Tales hair care products, it is free of harsh chemicals, pesticides, toxins, parabens, sulfates, dairy, gluten, and nuts.

The Rosemary Repel® Conditioner is formulated with passion flower, cherry bark, and jojoba to detangle, condition and nourish all hair types. This rich, creamy conditioner is made up of Fairy Tales' proprietary blend of organic Rosemary, Peppermint, Tea Tree and Citronella which is also clinically proven to help prevent head lice and nits. Like all Fairy Tales hair care products, it is free of harsh chemicals, pesticides, toxins, parabens, sulfates, dairy, gluten, and nuts.

The Rosemary Repel® Conditioning Spray uses aloe, vitamin B and amaranth protein to soften, detangle, eliminate frizz and moisturize wet or dry hair. Its proprietary blend of organic Rosemary, Peppermint, Tea Tree and Citronella is also clinically proven to help prevent head lice and nits. Like all Fairy Tales hair care products, it is free of harsh chemicals, pesticides, toxins, parabens, sulfates, dairy, gluten, and nuts.

If your child does get lice, they also have a lice treatment kit that is an alternative to those other kits that are full of harmful chemicals. It's much safer and more gentle.

Lice Good-Bye® Survival Kit is a must-have for all school age families. The kit contains everything you need to eliminate lice and stubborn nits naturally and effectively. This pesticide-free, natural treatment is safe for repeated use even after you've used one of those chemical treatments. Our products are clinically proven and our easy step by step instructions will have you saying goodbye to lice in no time.
