

## These Products are a Must for the Summer!

June 24, 2017 By DeniseB ▪ [Leave a Comment](#)

Summer is here! Finally! I can't wait to spend time at the beach!

**Here are some more necessities for Summer Camp!**

I love these all-natural products that will help protect your child from all types of critters!

For all life's hair raising adventures

**Bug Spray**

Even if your child loves creepy, crawly things, mosquito bites and bee stings can make summer camp unpleasant. So don't forget the bug spray — just be sure to use one made for kids. **Fairy Tales Bug Bandit (\$15) DEET-free formula (\$13.95)** promises to repel fleas, mosquitoes, ticks, and biting flies all with a mere spritz. Plus, it is free of harsh chemicals, pesticides, toxins, parabens, sulfates, dairy, gluten, and nuts that can trigger allergic reactions.

### **Lice-Repellant**

There is nothing worse than a visit from Aunt Louise at summer camp! Close proximity in camp cabins and sharing caps and clothing create the perfect storm for a lice outbreak. To protect your child, simply pack a shampoo that will naturally repel lice. **Fairy Tales Rosemary Repel Daily Shampoo (\$12.95)** gently cleanses the scalp while a proprietary blend of organic Rosemary, Citronella, Tea Tree and Geranium oils help prevent lice.

### **Bed Bug Protectant**

Camp cabins are a breeding ground for bed bugs. Not only will they leave your child with itchy bites, but they'll also be coming home with them in their suitcase (yikes). Bed bug sprays are often harsh and unsafe, so be sure to read the ingredients before packing one. **Fairy Tales Sleep Tite Bed Bug Spray (\$5.95)** is an EPF exempt formula that is classified as minimal risk and uses natural ingredients that have been shown to help kill bed bugs and their eggs.

I love that these really do work and that they aren't full of chemicals! I highly recommend all of their products!
