

## Top 10 Head Lice Sprays – 2018

Here are two words that will invoke nightmares in anyone who hears them – head lice. Just the thought of those pesky little critters crawling around in your hair and sucking the blood from your scalp is enough to make you squirm. Not to mention constantly scratching your itchy head, which can be a source of frustration for you and a cause of disgust for everyone around you.

So, now I've got three words that are the solution for all your lice-related problems – head lice spray. Head lice sprays come in a variety of formulations that can use either mild pesticides or all natural ingredients. They can also differ on the nature of their function, i.e., they could be aimed at killed lice or preventing them from infesting your head. So to make matters easier and help you pick out the head lice spray best suited for you, we've compiled a list of the top head lice sprays on the market right now.

### **8. Fairy Tales Lice Prevention Rosemary Repel Conditioning Spray**

Parents swear by Fairy Tales Lice Prevention Rosemary Repel Conditioning Spray that can be sprayed on their children's hair every morning before school to prevent lice. This organic blend of rosemary oil, citronella oil, tea tree oil, lavender, and cinnamon not only prevents head lice but also softens and detangles your hair and eliminates frizz.

### **Pros**

- All natural
- Detangles hair
- Reduces frizz

### **Cons**

- Strong smell
- Can dry out hair
